Specific topics, with explanation, shall be placed on the table at the second scheduled meeting. Additional topics, with explanation, may be placed on the table after the second meeting only by agreement.

C. Agreement

As agreements are reached between the parties, they shall be reduced to writing, and initialed, certifying tentative approval by the negotiators of the Board and the Association bargaining units. Following completion of negotiations, all agreements shall be subject to the approval of the Board and the Association.

D. Resolution of Issues

A single mediator may be used to assist in the resolution of issues before impasse is declared. The selection of the mediator will be by mutual agreement. Costs of this phase of mediation will be borne equally by both parties.

E. Impasse Procedures

An impasse may occur when, after a reasonable period of negotiations, the parties are deadlocked on all unresolved agenda topics.

F. Timetable

If the impasse is declared, the matter will be submitted to a mediation board within 20 days after the written request of either party to the other.

G. Mediation

Within 25 business days after the declared impasse a mediation panel shall be established. The Board will name one advisor, and the Association will name another. Selected advisors shall be residents of the Fargo Public School District (District). District Board members and employees of the District are not eligible to serve as members of the mediation panel. A third member, who shall be the chairperson, will be selected by the two appointed mediation panel members. Within 15 business days of the appointment of the chairperson the mediation panel shall convene a meeting, at which the Board and the Association are present, to help both parties reach mutual agreement for resolving the unresolved topics. The mediation panel will examine and analyze positions and interests to ensure that both parties have clear understanding of the issues before them. The mediation panel will attempt to identify priorities and focus the parties' effort on problems that must be solved for an agreement. The mediation panel will work to foster an atmosphere that is conducive to idea-sharing and problem-solving. The mediation panel might entertain general ideas about resolution, as well. The chairperson may elect to hold the opening statements in a joint session with both parties present, or in separate sessions with each of the parties.

Stage 3: Joint discussion. After each side presents its opening statements, the mediators and two parties are free to ask questions with the goal of arriving at a better understanding of each party's needs and concerns.

Stage 4: Brainstorming Options. The mediators may facilitate a brainstorming session with the two parties present. The parties work to identify possible solutions to the issues.

Stage 5: Private caucuses. Each party may meet privately with one or more mediators in a separate room. The mediators will go between the two rooms to discuss the strengths and weaknesses of each position and to exchange offers. The mediators continue the exchange as needed during the time allowed.

Stage 6: Joint negotiation. After caucuses, the mediator may bring the parties back together to negotiate directly if needed.

Stage 7: Closure. If the parties reach an agreement, the negotiations parties will draft and sign tentative agreements. If no agreement is reached through this process, within 5 business days the mediation panel shall submit its a written summation of the meeting and any potential recommendations to the parties. Article V Teacher Employment Conditions

A. Credit for Experience

1. Newly employed teachers will receive the equivalent year's credit for each year of experience. The experience granted will be equal to the FTE experience for each year worked. This credit will be granted if, in the judgment of the Superintendent, the teaching experience has been appropriate to the position which has been offered. For example, teaching experience at the secondary level may not be appropriate if the applicant is being considered for an elementary position.

Placement on the salary schedule will be accomplished in the following manner:

- a. Beginning teachers with no experience will be placed on Step 3.
 - b. Experienced teachers new to the District, or with past experience with the District, will be placed on the step based on the actual number of years of experience granted under the guidelines of Section A. Teachers with one, two, or three years of experience granted will be placed on Step 3. (As an example, an experienced teacher who has been granted three years of experience will be placed on Step 3 of the salary schedule.)
 - c. Teachers cannot be placed any higher than the highest step of the appropriate lane on the salary schedule.
2. The Superintendent or his/her designee may evaluate work experience outside the field of education and grant schedule credit in the same manner as permitted for school teaching experience. Teachers may be granted up to two years of schedule credit for military experience.

B. Determination of Salary Increase

1. It is the responsibility of the principal to ensure that the teacher understands what constitutes an acceptable level of performance and to advise a teacher when work is below this level. Such advice will be in writing. The teacher shall be made aware of deficiencies by February 1, in order that the teacher may have an opportunity to raise performance to an acceptable level.
2. If a principal, on or before March 15, determines that the quality of the teacher's service does not justify a salary increase and the Superintendent concurs with this report, a salary increase will be denied.

C. Salary Adjustments for Additional Training

Teachers who have earned salary adjustments due to increased amount of college training may request such adjustment by October 15 and February 15. Prior to August 15 and December 20, respectively, course work must have been completed. Such request must be accompanied by an official transcript certifying completion of previously approved college course work. The salary adjustments submitted will be made retroactive to the first working day of the school year if the request is submitted by October 15, and to the first working day of January if the request is submitted by February 15. Salary lane adjustments submitted between those dates will be effective on the latter of the two dates. No salary lane change will be made effective prior to the current fiscal year. Salary lane adjustments submitted after February 15 will be effective the first working day of the following school year.

Credits for clinics, workshops and other in-service training modes which have dates that do not coincide with the two dates specified above must be authorized by the in-service instructor. This authorization will include a statement that the individual has completed the workshop and that credit has been awarded. The salary lane adjustment for clinics, workshops, etc., will be made retroactive to the first working day of the school year for work completed prior to August 15, or the first working day of January for course work completed prior to December 20, provided completion of the necessary requirements and receipt of the statement by the instructor has been received.

4. Teachers on a less than full-time basis are expected to share in the assignments of extra duties and extra-curricular activities.
5. Unless specified in this contract, benefits and leaves for teachers employed less than full-time will be prorated to their percentage of employment. All employees under contract for the 1998-99 school year who are presently working and receiving a full benefit package, will not have their benefit package reduced unless the employee requests a contract which is less than their current contract. If the request for reduced employment is related to a medical situation involving the teacher or the teacher's immediate family, the teacher may request continuation of benefits at the level that

existed at the time of the request. The request must be made in writing, include the reason for the request, and shall be considered annually. The Superintendent shall have the authority to grant this request.

A pro-rata adjustment of accumulated sick leave credit will occur for any contract days not fulfilled due to early termination of employment or for days taken under a leave of absence or leave without pay.

2. Three days of personal leave will be granted to each teacher employed one-half time or more. Teachers may carry over a total of three days, holding a maximum of six accumulated days. The individual teacher may elect to receive a payment in an amount equal to one contract day at their current salary step for each personal leave day accumulated, prorated to the teacher's percentage of employment. Refer to Section B; Paragraph 6 of this Article.
3. Teachers working half-time or more will accrue two days of emergency leave per year. Teachers working less than half of the annual employment period shall receive one-half of the allotted emergency leave. Emergency leave will accumulate to a maximum of 12 days.
4. Teachers who are unable to complete a regular contract year because of serious injury or illness are not eligible for additional sick leave credit in a new contract year until a medical doctor certifies they are able to return to work.
5. Teachers who have completed one full year of service with the District, that have less than 30 days of sick leave accumulated, may borrow from next year's allocated leave credits in the event of the birth or adoption of a child. The maximum amount they are allowed to borrow is two sick, two emergency and three personal leave days, or the difference between 30 days and their accumulated sick leave days, whichever is less. Teachers that do borrow sick leave days in advance are liable for repayment of the advanced amount in the event that their employment with the District terminates prior to the completion of the following year of service.
6. Teachers may request medical leave under Article XVII when their sick leave is used up.
7. Each day of leave used in excess of a teacher's accumulated leave days shall result in a salary reduction equal to the individual's daily rate of pay.

B. Using Leave

1. Teachers may use sick leave days if they are suffering from an injury or illness. The maximum days of sick leave that can be used for any one disability is limited to the number of workdays that must be missed prior to the start date of the disability coverage provided by the Board.
2. Teachers may use sick leave days to care for a sick or injured spouse, parent (natural or step), child (natural, adopted, foster, stepchild or guardianship), domestic partner, or any relative permanently residing in their household.
3. Teachers must furnish a medical certificate signed by a medical professional when such certificate is requested by the Human Resources Department.
4. Accumulated sick leave earned prior to 2011-2012 must be used for sick leave first, if available.
5. Teachers may use emergency leave days in the event of an emergency not covered by Paragraph 1 or 2 of this section or by Article XIX. Approval of leave for emergency purposes must be obtained from the Human Resources Department.

6. Teachers may use personal leave days for personal reasons not related to illness, injury or emergencies, subject to the following procedures and limitations:

Teachers may use personal leave days for personal reasons if approved by the District's online personal leave system or their principal or supervisor to the Director of Human Resources at least five days in advance of such anticipated leave.

Approval of absence for personal leave will be subject to the availability of a substitute and will be limited to a maximum of 15 individual elementary teachers and 15 individual secondary teachers on any one school day except during the month of May when the limit will be 10 for elementary and 10 for secondary. For workdays that meet the maximum 15 allowed personal leaves, the Human Resources Department will determine the number of individuals requiring subs. If the number of individuals requiring subs is less than 15, then up to three additional personal leaves will be granted for teachers requiring subs, at the discretion of the Human Resources Department. The maximum number of days allowed during the month of May will be 13 for elementary and 13 for secondary, with three of those days at each level granted at the discretion of the Human Resources Department.

- a. Personal leave may not be used during the first five and last five days of each school term without approval of the Superintendent.
 - b. A teacher whose request for personal leave has not been approved due to the above stated rules can submit a waiver of the rules request to the Superintendent for his/her consideration and possible approval.
7. A teacher who is anticipating a leave due to the birth or adoption of a child shall submit a written notification to the Director of Human Resources at least 60 days prior to the proposed commencement of the leave period. Such leave will be granted for a period of time so as to permit the teacher to return to work in accordance with the Family Medical Leave Act guidelines.

C. Leave Buyouts

1. Administrative Policy 5452 will continue to govern the treatment of accumulated sick leave earned prior to 2011-2012, upon separation from service with the District.
2. Teachers that have an accumulated sick leave bank of at least 65 days may elect to sell back some or all of their next year's leave credit days. Teachers who elect to sell back their following year's sick leave days will receive 50% of their current daily salary per day sold. To exercise this option, teachers must notify the District Office that they are making an irrevocable election to do so 30 days prior to the start of the new school year. The payment for the sick leave days that are being sold back to the District will be made the following January and will be based on the daily rate of pay at the time of payment. Teachers electing tax-sheltered options should contact the Human Resources Department for tax-sheltered options. Accumulated leave earned prior to 2011-2012 will not be eligible for selling, but those days can be counted toward the 65-day minimum.

3. On the first day of the new contract year teachers that would accumulate sick leave in excess of the limit set in Article XI Leave System Section A Leave Days will instead receive 50% of their current daily salary per day that would have accrued. This payment will be made to the teacher in October of that contract year. Teachers shall contact the Human Resources Department for tax-sheltered options.
4. Teachers with 15 years of continuous service to the District will be eligible for a separation of service buy-out of all sick leave accumulated after 2010-2011 at 50% of their current daily salary per day. Approved leaves of absence and unrequested leaves do not constitute a break in service for the purpose of this section.
5. In the event of the death of an eligible teacher, the deceased's beneficiary will be eligible for the buy-out.
6. Teachers that leave the District due to cause nonrenewal or discharge will not be eligible for the separation of service buy-out. Teachers that leave the District due to reduction in force or personal reasons will be eligible for the separation of service buy-out, if they meet the service requirement indicated in Paragraph 4 of this section.

D. Leave Bank

1. The Board will establish a Leave Bank of 200 days. Teachers needing leave beyond their accumulated total may request leave from the Bank in writing to the Director of Human Resources. The request will be granted or denied by a Leave Committee composed of one teacher appointed by the Association President, one Board member appointed by the Board President, and one administrator appointed by the Superintendent.
2. Teachers may also request leave for an injury resulting from student behavior. These requests may require a physician's certification and do not require approval of the Leave Bank Committee. There is no expectation, in these circumstances, that the employee has exhausted all other leave balances.

Article XII Health Insurance

Employees with qualifying dependents will be offered dependent coverage in accordance with the current health insurance contract provisions. The School District Health Insurance Committee will review the District health insurance plan design and will meet to make recommendations to the appropriate employee groups and the Board regarding plan design and premium contributions to the health insurance program. Only approved absences in excess of 20 days will fall under this provision. The Board will maintain the coverage for any single absence up to and including 20 days.

Article XVII Leave of Absence

- A.** Written applications for educational leave of absence without pay at an institution of higher learning must be submitted to the Superintendent by May 15. If the teacher plans to return to service at the beginning of the school year, the Superintendent must be notified in writing on or before April 1 preceding. If circumstances warrant the teacher's return to service during the school year, this will be permitted with Board approval, provided there is a position available at that time which is similar to the original position.
- H. The Association President may request and shall be granted up to a 40% leave of absence from their contract to do work for the Association. If the Association President is unable to take the leave of absence, they may designate a member from the Association Executive Board to take the leave of absence. The leave of absence would be reimbursed by the Association. At the conclusion of the Association President's term, the District shall reinstate the FTE status of the Association President or the Association President's designee prior to their term. Sections E and F of this Article shall not be applied to this leave of absence.

If a teacher desires a sabbatical leave of one semester, application must be made one week after the beginning of the semester previous to the one in which he/she desires the leave. Teachers on sabbatical leave shall notify the Superintendent on or before March 15 of their intent to return or not to return to the District.

A teacher requesting leave shall indicate whether he/she wants to be paid on a 10- or 12-month basis. Before final approval of the leave is granted by the Board, the teacher shall sign a promissory non-interest-bearing note or furnish a salary recapture bond from a company that is approved by the Board, agreeing to refund the full amount in the event he/she does not complete one full school year after returning.
- G.** Unless justified by illness, incapacity, or Board approval, failure of any teacher granted a leave under this policy to devote the entire period of the leave to the purpose for which the leave was granted shall constitute a cause for removal from the teaching service.
- H.** Teachers returning from a sabbatical leave shall submit a written report to the Superintendent by July 1 summarizing the benefits derived from the sabbatical and shall agree to give oral reports if requested.

- I. Upon expiration of a sabbatical leave and upon presentation of evidence to the Superintendent showing compliance with the conditions of the leave, the teacher shall be returned to a position for which he/she is qualified.
- J. Any additional benefits granted to regular employees shall automatically apply to teachers on sabbatical leave.

Article XX Association Leave

The Board agrees to grant 12 days of leave per year to be used by the Association. The Association agrees to notify the District no less than 48 hours in advance of the leave. A maximum of six unused days of Association Leave may be carried over into the following contract year. The Superintendent may approve additional days. The Association will pay the full cost of the substitute for any days approved by the Superintendent beyond the initial 12 days.

Article XXI Professional Development

A. Prescribed Educational Development

1. Staff members identified by principals and/or supervisors as persons who require professional improvement in a given area may be required to complete a prescribed program of professional improvement at an approved college or program, or through in-service training within a reasonable time.
2. The prescribed program of professional improvement will be worked out jointly between the staff members and principal and/or supervisor. The principal and/or supervisor will submit a recommendation to the Superintendent for approval or disapproval.
3. If the prescribed program is not completed successfully, and within the specified time, such failure may be among factors considered in dismissal procedures.
4. The Board may pay tuition cost only. Travel, materials, and books are the responsibility of the teacher. Such tuition payments apply only to those teachers who require personal professional improvement as identified by the principal or supervisor under Section A.
5. Credit hours paid for by the Board will not apply to horizontal movement on the salary schedule. If the individual teacher bears the entire cost, the credit hours may be used for horizontal movement.
6. This section does not apply to groups of teachers, grade levels, secondary departments, etc. who might all require in-service training in a specific area of learning.

B. Guidelines for Horizontal Movement on Salary Schedule

1. Courses must be approved in writing if they are to apply to advanced salary schedule lanes unless they are required courses for a previously approved advanced degree in the respective teaching field. Prior to June 1 of the first year of employment, teachers new to the Fargo system may submit courses earned within five years prior

to employment in this system. Courses taken for horizontal movement on the salary schedule must be completed at accredited schools.

2. Credit will be given for individual research under college supervision only if a satisfactory outline has been approved by the Superintendent or his/her designee and credit is assigned by the college. No allowance of credit for the purpose of reclassification shall be made for a course which has been audited.
3. Effective July 1, 1976, at least 50% of the courses must be at the graduate level for advanced salary schedule lane qualification. However, this requirement may be waived or reduced by the Superintendent.
4. A minimum of a "C" grade must be earned to receive credit if a grade is given in the course. Pass/fail grades are acceptable for horizontal movement if such a grading method is approved by the college.
5. If the original BA or MA degree did not meet the required number of education hours to qualify for teacher certification, the hours necessary to meet such certification requirements will not be counted toward eligibility for advanced salary lane status.
6. Approved college courses earned prior to the attainment of a master's degree, which are not part of the basic master's program, will be credited for lane advancement beyond the master's degree only if earned within four years of the date upon which the master's degree was conferred.

Teachers requesting credit for courses in an approved master's program must submit a copy of the approved program with the request. Course hours, which are listed on an approved program, may not be counted beyond the master's degree salary level.

7. All approved college credit hours above a BA or MA degree will be calculated in terms of the current salary schedule.
8. Approval will be considered only for courses in the field of education, or in a teacher's special field of teaching, or in a field of general culture related to the individual's assignment. Equivalency credit hours (travel, publishing, in-service workshops) will not be accepted for horizontal movement on the salary schedule.
9. The responsibility for providing evidence of training (transcripts, letter of certification, etc.) rests with the individual making application for credit.

C. Additional Guidelines for Industrial and Trades and Industry Education Personnel

1. Vocationally certified teachers not having a college degree will be placed at the appropriate step in the BA lane of the salary schedule according to the teacher's experience and training, subject to provisions of Article V in the agreement.
2. Personnel in the industrial and trades and industry education department teaching half-time or more, may bypass the master's degree by applying the following conversion:

BA	BA+15	BA+30	BA+45	MA	MA+15	MA+30	MA+45
				(BA+60)	(BA+75)	(BA+90)	(BA+105)

3. Credit for advancement on the salary schedule will be subject to the following provisions:
 - a. All credits for advancement shall be approved by the Director of Human Resources. Approval will be based on the training/experience as appropriate to the teacher's field of teaching or certification. College courses may be at the undergraduate level.
 - b. Industry and state sponsored workshops and training sessions may be used for advancement on the salary schedule. Each 15 clock hours of training will equal one semester hour of credit. The teacher will be responsible for providing letters and/or certificates to the Human Resources Department. The Director of Human Resources will determine if there is sufficient technology or information new to the teacher to allow credit in cases of duplication of workshops.
 - c. Limited work experience credit, appropriate to the teacher's certification, will be granted. One semester hour of credit for each 40 hours of work will be granted. The work experience must involve technology or methods new to the teacher in the area of the teacher's certification or class assignment. The employer must certify and fully describe the technology or methods involved which will constitute no more than one half of the credits necessary for a lane change.

D. Professional Growth - Cycle for Continued Education

A person must hold a valid North Dakota license issued by the North Dakota Education Standards and Practices Board in order to be permitted or employed to teach in any public school in this state. No teacher is entitled to receive any compensation for the time the teacher teaches in a public school without a license to teach which lawfully is issued and in force in the county in which the school is taught. Prior to receiving a salary for the first month taught in a school district, a teacher must exhibit the teacher's license to the business manager of the school district (NDCC 15.1-13-18 and NDCC 15.1-18). Non-public schools must employ licensed teachers to be approved and in compliance with compulsory attendance laws.

1. A teacher will be required to complete semester hours according to the North Dakota License renewal requirements stipulated by North Dakota Education Standards and Practices Board.
2. Teachers who have achieved a lifetime license will be required to complete four semester hours of transcript credit every five years, or 30 continuing education units (CEUs) provided by the District every five years.
3. Failure to meet the cycle requirements shall result in the following penalties:
 - a. A teacher not at the top of the salary schedule shall forfeit 3% of the regular teaching salary.
 - b. A teacher at the maximum position on the salary schedule shall forfeit 2% for the regular teaching salary.
 - c. If the requirements are not completed within one contract year following the implementation of the penalty, the salary shall be frozen at that level and will remain the same until the requirements are completed.

- d. When the requirements are completed, the teacher's salary will be determined by the current salary schedule. No retroactive payments will be made when there is forfeiture of salary.
- e. A record of each teacher's professional and college credits will be maintained in the Human Resources Department and will become a part of the individual teacher's personnel record.
- f. No cumulative credit may be carried forward to the next cycle except four semester credits may be credited to the next cycle if the credits have been earned during a sabbatical leave or leave of absence.

Article XXIII Recall from Unrequested Leave

- A.** A teacher shall be placed on unrequested leave when the Board determines that program changes, lack of enrollment or financial limitations result in partial or complete removal of the teacher from the active teaching force.
- B.** The teacher placed on unrequested leave shall be considered a member of the area or department in which he/she was assigned and shall have reinstatement rights for two years from the teacher's last day of employment.
- C.** When a teaching opening occurs, the Board shall contact all qualified teachers on unrequested leave who are certified in, or previously assigned to the department or area in which the opening exists. Overload Calculations

Elementary PE/Music Overload: Every other day schedule

40-minute block per section

7 sections per day = 280 minutes of teaching time per day

280 minutes per day * 5 days per week = 1,400 teaching minutes per week

Elementary PE/Music Overload Calculation = 1 section = 40 minutes * 2.5 times per week

average = 100 minutes per week

1,400 (regular PE/Music minutes per week) + 100 minutes (1 additional section) = 1,500 minutes per week

$1,500 \text{ minutes} / 1,400 \text{ minutes} = 1.07$ or 7% overload

Art Overload: Once per week schedule

45-minute block per section

6 sections per day = 270 minutes of teaching time per day

270 minutes per day * 5 days per week = 1,350 teaching minutes per week

Art Overload Calculation = 1 section = 45 minutes * 1 time per week = 45 minutes per week

1,350 (regular Art minutes per week) + 45 minutes (1 additional section) = 1,395 minutes per week

$1,395 \text{ minutes} / 1,350 \text{ minutes} = 1.03$ or 3% overload

Note: Should the length of a section change in the future, a prorata change to the above adjustments would be made.
